

A 10x10 grid of dots. The dots are colored red or yellow. The grid is defined by solid black lines on the top, bottom, left, and right, and dashed gray lines for the internal grid lines. The dots are located at the intersections of these lines. The colors of the dots are as follows:
Row 1: All red.
Row 2: Red at (1,1), (2,1), (3,1), (4,1), (5,1), (6,1), (7,1), (8,1), (9,1), (10,1); Yellow at (1,2), (3,2), (5,2), (7,2), (9,2).
Row 3: All red.
Row 4: Red at (1,4), (2,4), (3,4), (4,4), (5,4), (6,4), (7,4), (8,4), (9,4), (10,4); Yellow at (1,5), (3,5), (5,5), (7,5), (9,5).
Row 5: All red.
Row 6: Red at (1,6), (2,6), (3,6), (4,6), (5,6), (6,6), (7,6), (8,6), (9,6), (10,6); Yellow at (1,7), (3,7), (5,7), (7,7), (9,7).
Row 7: All red.
Row 8: Red at (1,8), (2,8), (3,8), (4,8), (5,8), (6,8), (7,8), (8,8), (9,8), (10,8); Yellow at (1,9), (3,9), (5,9), (7,9), (9,9).
Row 9: All red.
Row 10: All red.
